### Create New Event

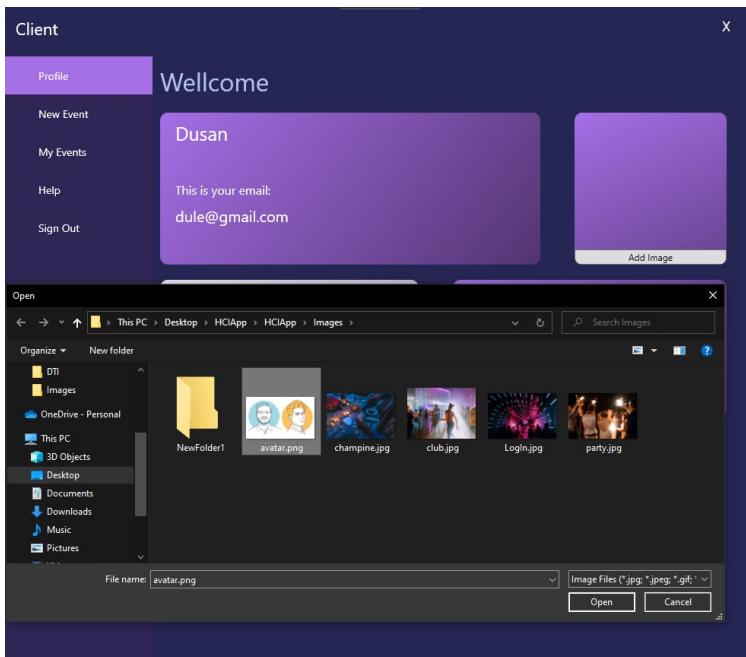

Create your new event in just a few simple steps.  
Leave the rest to us!

You can write more details here

Creating a new event is super simple. Start with the left panel and pick the name and details of the event. There are many themes to choose from. The right panel is showing optional details you can give us. In the more info text area you can write as much as you want explaining to us how you would like your event to look like. Be free to add any special requests you would like for us to do.

## Create new event

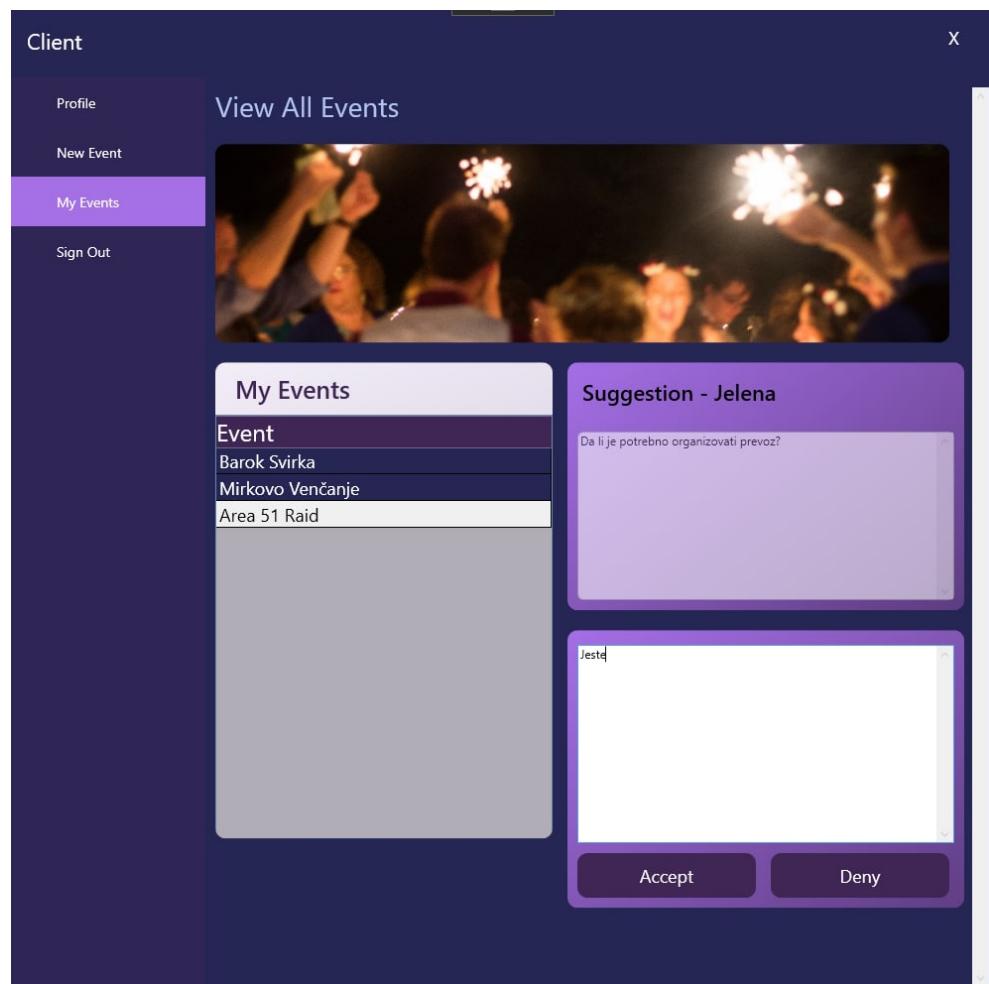

### Your profile

Pick an image

This is your profile where you can edit certain information. You are able to change your email address and your password you login to the system with. There's another cool trick we left just for you. If you click on the **Add image** button you can add a custom profile photo. After adding it you can also play around with the position of it. Be sure to remember your password!

Reply to organizer

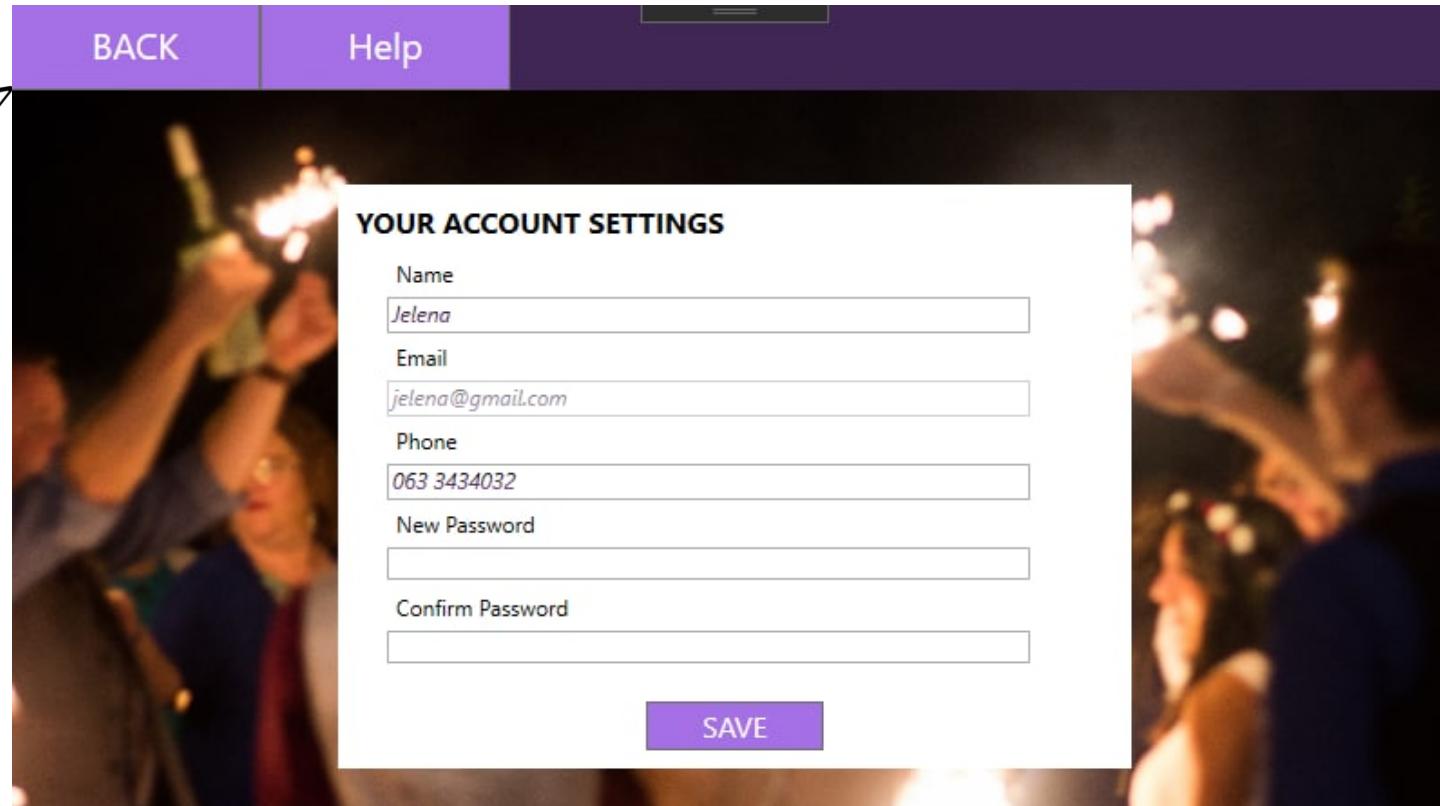

This page is where you can look at all your events and easily talk to the organizers of it. There is a message box for you to reply to organizer's messages. With a very simple **Allow** or **Deny** buttons you can send a message to the organizer. Besides that you can leave feedbacks or suggestions in the text area above them. On the left you can see all the relevant details about the picked event.

See the message here

Here you can see that you can pick between checking all your events or checking your info. Click on the either of the two buttons to go open another window.

Go to Home Page

You are able to Edit your account details. Click 'Save' button to change your details.

## Your Events

Here you can see all your events. Click on an item to view more details.
